The terminal disclaimer filed on September 13, 2004 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent No. 6,384,125 to Bergstrom et al has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

2. **Claims 1-18** are allowed.

The following is an examiner's statement of reasons for allowance: Claim 1 is allowed because the prior art of the record does not teach or suggest a step of treating an acidic aqueous suspension of hydrophobically modified silica with acid neutralizing agent. Closest prior art of Griffith et al (US 5,919,298) teaches the step of treating with acid neutralizing agent a suspension of hydrophobically modified silica in *organic water-immiscible solvent* (not an acidic *aqueous* suspension of hydrophobically modified silica) (See column 9, lines 50-55).

Claims 2-18 are allowed as further limiting allowed claim 1.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
